[Start a new group](#)

BECOME AN ORGANIZER

We'll walk you through a few steps to build your local community

First, set your group's location.

Meetup groups meet locally, in person and online. We'll connect you with people in your area, and more can join you online.

What will your group's name be?

Choose a name that will give people a clear idea of what the group is about. Feel free to get creative! You can edit this later if you change your mind.

Now describe what your group will be about

People will see this when we promote your group, but you'll be able to add to it later, too.

1. What's the purpose of the group?
2. Who should join?
3. What will you do at your events?

Final steps...

Is this an in person or online group?

Is this group private or public?

Please add an image url for your group below:

Click "Create group" to validate form inputs

Meetup

[Start a new group](#)

BECOME AN ORGANIZER

We'll walk you through a few steps to build your local community

First, set your group's location.

Meetup groups meet locally, in person and online. We'll connect you with people in your area, and more can join you online.

Location is required

Validation Notes

- When "Create group" is clicked, show message "Location is required" if the name field is empty

What will your group's name be?

Choose a name that will give people a clear idea of what the group is about. Feel free to get creative! You can edit this later if you change your mind.

Name is required

Validation Notes

- When "Create group" is clicked, show message "Name is required" if the name field is empty

Now describe what your group will be about

People will see this when we promote your group, but you'll be able to add to it later, too.

1. What's the purpose of the group?
2. Who should join?
3. What will you do at your events?

Description must be at least 30 characters long

Validation Notes

- When "Create group" is clicked, show message "Description must be at least 30 characters long" if the description is less than 30 characters

Final steps...

Is this an in person or online group?

Group Type is required

Is this group private or public?

Visibility Type is required

Please add in image url for your group below:

Image URL must end in .png, .jpg, or .jpeg

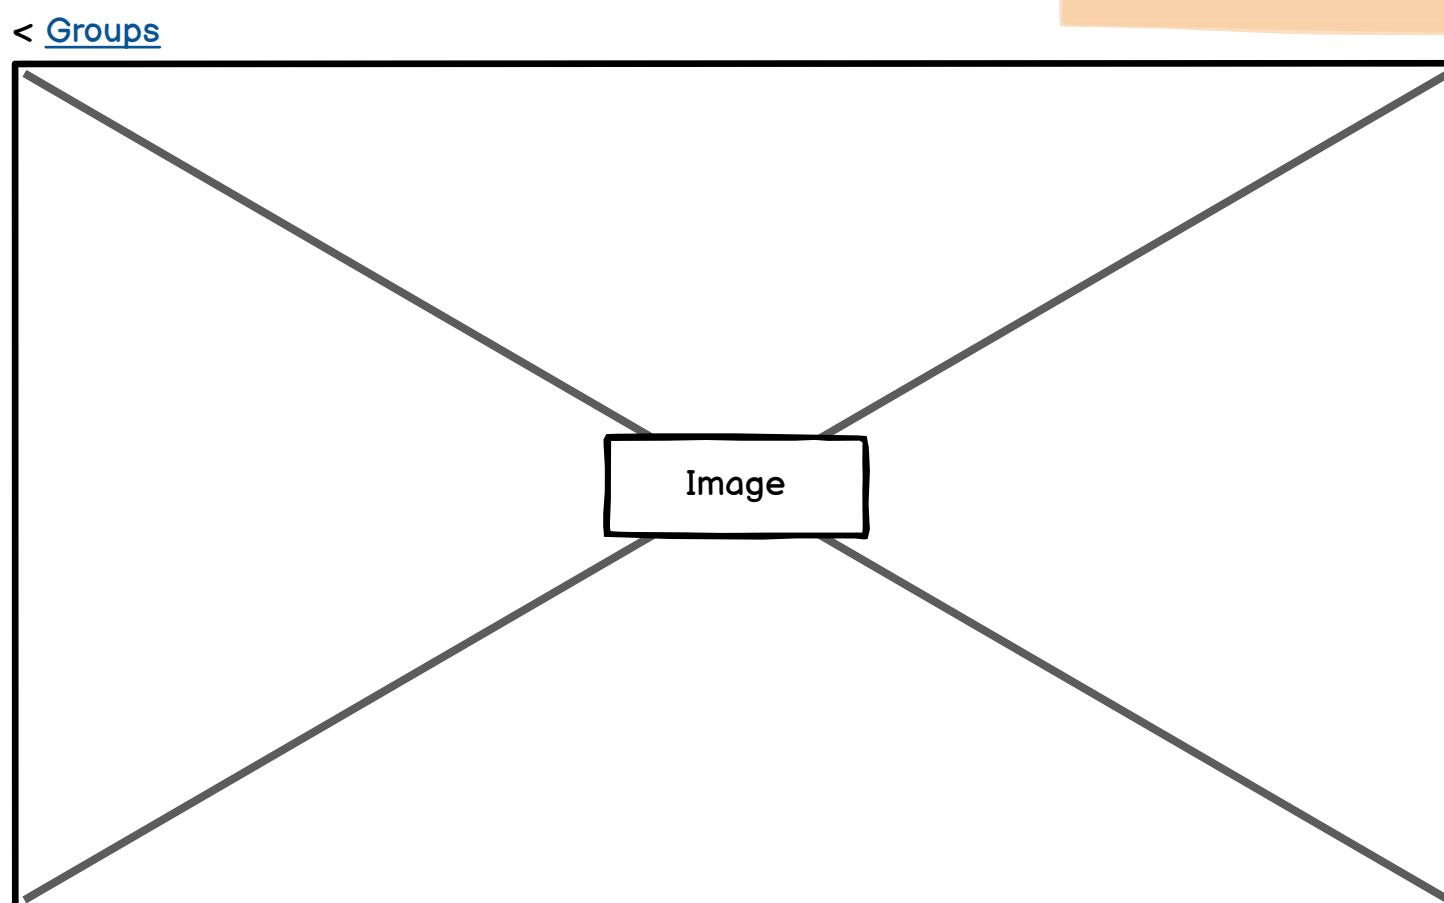

Validation - Notes

- When "Create group" is clicked, show message "Group Type is required" if the group type field is not selected
- When "Create group" is clicked, show message "Visibility Type is required" if the group visibility field is not selected
- When "Create group" is clicked, show message "Image URL needs to end in jpg or png" under the image URL input if it doesn't have the proper file type.
